

POPE BENEDICT XV DIES AT VATICAN

C. OF C. STARTS
ACTIVE PROGRAM
IN GROUP TALKS

Street Improvement, Water
Protection and Bridges
Are Main Topics.

FREIGHT DISCUSSED

Members Ask That Cham-
ber Work in Harmony
For Mutual Aid.

Close cooperative work of the
business men of Ada, among each
other and with the general public,
a firmer union of fellowship be-
tween Ada and the county as re-
gards market relations, and the es-
tablishment of a "common language"
that will make each member under-
stand the other's viewpoint were
hammered home persistently last
night by more than 200 members
of the Chamber of Commerce in a
program of work meeting at the
First Baptist church.

For almost two hours, six groups
of members remained in warm con-
sultation until, leaders declare, a
plan of mutual understanding was
reached.

Clerical work of tabulating the
hundreds of suggestions that were
made by members as to ways of
improving the city was begun this
morning and will be continued as
rapidly as possible with the hope of
having all suggestions filed early
next week.

Ask Oiling Streets
Oiling of streets in Ada that have
been graveled, paving others, im-
provement of the city's water sys-
tem, and providing for full length
terms for schools of the city and
county were understood to have
been repeatedly stressed by the
members, both in their discussions
and in the suggestions prepared to
receive their suggestions. New school
buildings, new churches, road im-
provement, a city library, Y. M. C.
A building, a traffic department for
the Chamber of Commerce to enable
farmers and others to receive just
prices and shipping rates on their
products were understood to have
been other things prominently men-
tioned.

A new court house is said to have
come in for some discussion and
development of the Pontotoc county
oil fields was recommended.

One group voiced its strongest
note on the building of a bridge
across the Canadian river at Byng,
pointing out that this would stimu-
late inter-county traffic and bring
thousands of dollars in trade to Ada
annually. A city auditorium was
understood to have been frequently
indicated on the returned question-
naires. Increased efficiency in city
and county government also came
in for some comment.

Water Situation Explained
W. S. Smith, commissioner of
public works, explained to one
group the condition of Ada's water
system, declaring that in the sum-
mer time an accident to the city
main from Byrd's mill would leave
Ada in an extremely compromising
situation. He told of steps being
taken to repair the reserve water
system at the old city reservoir,
connected with the small standpipe.
The Oklahoma Portland Cement
company and other local industries,
he said, are cooperating now in
repairing the motors so this can tie
into the city mains. At present, he
said, water consumption in the city
is at a comparatively low level and
the demand is being supplied easily.
In connection with the street oil-
ing proposal, Commissioner Smith
said he had the promise of a re-
liable paving company in Oklahoma
City that it would send machines
and operators here for a free de-
monstration of treating graveled
streets with liquid asphalt if the
city would prepare several blocks
and pay only the cost of materials.
This will serve as a good binder for
the gravel, he said, and can be put
on at a cost of about \$200 a
block, with the company furnish-
ing the machines and men.

Members of the Chamber of Com-
merce who were not present at last
night's meeting will receive ques-
tionnaires through the mail and may
give their suggestions in this man-
ner.

Zero in Kansas.
ARKANSAS CITY, Kan., Jan. 21.—
Zero weather with a clear sky
prevailed here this morning, being
the coldest of the present season,
on the Kansas-Oklahoma border.
Three inches of snow is on the
ground.

VACCINATE ALL SCHOOL CHILDREN
SAYS CITY HEALTH MAN TODAY

Every boy or girl in the city attending school must be
vaccinated, it was announced today, by J. E. Hickman, com-
plying with an order from S. P. Ross, city health officer.
Vaccination is merely a step towards preventing a small-pox
epidemic here and to keep schools from being closed.

According to local physicians only one case has been re-
ported here this year and all possible steps have been taken
against its spread. The city is in a good condition to guard
against an epidemic, it was stated. All persons who have not
yet done so are advised to be vaccinated.

The order for school children, including those at the
ward schools, colleges, and high school, was made today,
stating that after January 25 no student would be admitted
to class without a vaccination certificate. The order follows:

"In view of the fact that there is a great deal of small-
pox over the state and that a serious epidemic of this disease
in a malignant form is threatened in some of our neighboring
cities, I want to urge all people who have not been properly
vaccinated to attend to this matter at once. I am forced to
issue this statement requiring all school children to be vac-
cinated at the earliest opportunity. To this end, I am request-
ing the superintendent of city schools and the president of
the Teachers college to advise all principals and teachers un-
der their respective supervision that all children or students
of all grades and departments who can not show a certificate
of vaccination must not be admitted to school after January
25. After that date a certificate of vaccination will be neces-
sary before any child or student can be enrolled or reinstated
in school."—Signed: S. P. Ross, city health officer.

A warning was sounded this morning by Dr. Ross against
concealing or failure to report any cases of illness which
resembles smallpox. To fail to report the matter is a crime,
he says.

"Any one knowingly concealing or any one who fails to
report a case of smallpox is guilty of a misdemeanor and is
punishable by imprisonment," he declared.

QUARANTINE OUT
ON COUNTY LINE

Guard Will Ask Incoming
Passengers From North
For Certificates.

An order directing Sheriff Bob
Duncan to station guards at all
roads crossing the Pontotoc-Potta-
watomie county line and allow none
to cross into Pontotoc county except
such as have small pox vaccination
certificates was issued at noon to-
day by Dr. J. A. Deen, county su-
perintendent of health.

This constitutes a strict quaran-
tine against the introduction of
small pox in this county, Dr. Deen
explained. He was endeavoring this
afternoon to learn whether Hughes
and McClain counties had laid down
the same quarantine. If so, he said
Pontotoc county will not have to
quarantine against these two. If
they have not, it is understood
that the epidemic protection order
would be made complete late today.
Dr. Deen made no statement as
to how long the quarantine would
last. Shortly before noon he phoned
railway ticket agents in Pottawato-
mie county requesting that they
refuse to sell tickets to persons
coming into Pontotoc county unless
the purchasers have vaccination cer-
tificates.

Mrs. Orville Snead, secretary of
the local United Charities, sent out
an appeal this afternoon for the
names and addresses of men and
women who will nurse smallpox
cases. The charities had one call
today for such a nurse and was
unable to locate one, she said.
"We hope we will not have an
epidemic, but want to be prepared
to care for cases as they are re-
ported," Mrs. Snead announced.

RISING TEMPERATURES FOR
TONIGHT; COLDER SUNDAY

(By the Associated Press)
OKLAHOMA CITY, Jan. 21.—Rising
temperatures tonight with some-
what colder weather tomorrow
in the west as forecast today by the
United States weather bureau here.
Temperatures are expected to be
between 16 and 24 degrees in the
northern part tonight and from 20
to 28 in the southern part.

Some rain was reported last
night in the eastern part of the state,
according to the bureau officials.

4-Inch Snow at Blackwell.

BLACKWELL, Jan. 21.—Farmers
of northern Oklahoma looked out
over the wheat fields covered with a
4-inch snow today and wondered
how much it will mean to them in
dollars and cents. A bright sun is
shining this morning, but a freezing
temperature prevails.

Anthracite coal was first discovered
to be valuable as fuel in 1808.

LEGION ENLISTS
250 MEMBERS IN
'HOODLUM' DRIVE

"We have reached the 250 mark
and are still going," reports from
officials of the Norman Howard
Legion today, following yesterday's suc-
cessful membership drive with the
aid of a "mayor," police force and
hoodlum wagon.

A total of 81 new members were
enlisted yesterday, the report said,
and more than 20 had been en-
rolled today, with the prospects good
for several stragglers to be arrested
and signed up this afternoon.
The police court stunt was suc-
cessful, they said, due to the fact
that those put in charge of it lent
their best efforts and other mem-
bers assisted in every way possible.
Few enemies have been made by the
drive, it was reported, as most of
those accosted "took it good natu-
rally and paid off." Some were
unable to pay and were released,
while others were given more time
due to financial difficulties. It was
not hard for about 99 percent of
those put in jail, however, to get
the small amount of coin necessary
to get out, reports the drive.

Following up the drive, the Leg-
ion members are giving an ath-
letic carnival next Thursday night.
Five events have been arranged and
it is expected that the bouts will be
some of the best to be seen this
year in this city. After today, the
officials will lend most of their ef-
forts to organizing outposts over
the county.

Heartiest thanks to Walter Wray,
whose car was used as a "hoodlum
wagon" during the drive, and to
city officials who tendered the post-
office of the city court and jail
Friday and today, were expressed
this afternoon by officials of the
American Legion.

AMERICAN PROPOSAL ON
COMMITMENT MADE PUBLIC

(By the Associated Press)
WASHINGTON, Jan. 21.—The
American proposal to make public
international commitments relating
to China was adopted in a much
amended form today by the far east
committee of the arms conference.
As adopted, however, the reso-
lution does not provide that an
agreement between the Chinese gov-
ernment itself and private individ-
uals must be consummated openly
and their details made public.

Oklahoma Weather
Tonight - fair, slightly warmer;
Sunday fair, colder in north and
east portion.

WASHINGTON, Jan. 21.—Weath-
er predictions for the week begin-
ning Monday are:

Upper Mississippi and Lower Mis-
souri valleys: changing tempera-
tures; much colder first half with
considerable cloudiness; last half
cloudy.

Fashions today are more becom-
ing and make the women of thirty
look younger than she did ten years
ago.

Kissing is said by some experts to
be largely responsible for the spread
of dental ailments.

WORLD IS TIRED
OF WAR EXPENSE
PREMIER THINKS

"Peace of Earth Hinges on
Understanding of the
Great Nations."

LLOYD GEORGE HERO

Genoa Conference Now
Promises To Restore
Peace of East.

(By the Associated Press)

LONDON, Jan. 21.—Premier Lloyd
George, addressing the National
Liberty Conference today, declared
that all the nations of Europe,
without distinction, had been in-
vited to the Genoa economic con-
ference "because we want to put
an end to the costs of wars and
rumors of wars."

Discussing the Washington con-
ference, he said:

"The peace of the world largely
depends upon good understanding
between the United States and our-
selves. The conference has done
more than anything else to restore
that understanding."

The premier in referring to the
international conference in Genoa
said that if there had been a con-
ference in July 1914, there would
have been no war in August, 1914.

"No international conference ever
settled the troubles of Europe," he
added, "but they have advanced the
cause of peace on earth. I have pro-
found faith in the reason of man-
kind."

Cheers Greet Speaker

Mr. Lloyd George was greeted
with a storm of cheers when he
appeared on the platform in Central
Hall, where the conference was
held. Replying to a eulogistic in-
troduction by the chairman of the
meeting, the premier immediately
began a discussion of the advantage
accruing to the Empire from the
Irish settlement.

"It is the first time for a cen-
tury," he said, "that we have had
an Irish government established
with the wholehearted sanction of
the people of Great Britain."

World trade, he said, was in a
worse plight than any one present
had before witnessed.

Mr. Lloyd George said he was
looking to the Genoa conference
to restore peace in the east.
Must Reduce Arms
"If peace is established, there
must be a great reduction in the
cost of armaments," he added. "The
British army is to be reduced to
below the pre-war standard and the
navy and air forces are to be re-
duced also. The nations must take
risks for world peace."

The prime minister said he was a
believer in the League of Nations,
and I wish some of its friends
would not run it as if it were a
sort of a little party show," he
added.

With reference to German repara-
tions, he said:

"I am one of those who think
Germany ought not to be left off
from payment, but Germany is suf-
fering from exhaustion, like other
nations, and the delay is inevitable."

Holiness Minister
Seized By Mob for
Alleged Devilry

CEDAR RAPIDS, Iowa, Jan.
21.—Two hundred men stormed
the "Holy Roller" church here
last night, seizing the Rev. H.
R. Ferguson, leader of the lo-
cal church, and with cries of
"throw him in the river" and
"tar and feather him" march-
ed him through the business
section until police, with drawn
revolvers dispersed the raiders
and rescued Ferguson.

The attack resulted from popu-
lar ill feeling aroused at the
Holiness leader by an alleged
newspaper expose of his in-
fluence on his disciples, to which
was attributed the disruption of
several families.

No weapons were used by the
raiders but blows were freely
exchanged and Ferguson suf-
ficed on his disciples, to which
he stricken after he attempted to
escape by jumping from a
church window.

Ferguson passed the night in
jail to be safe from further
violence.

The Girls' Glee Club of Ada High
School will sing at the First Baptist
church tomorrow night.

SHERIFF PROVED BAD "PARTNER"
FOR THREE ALLEGED MOONSHINERS

Before a boast, that their business would never be dis-
turbed, said by officers to have been made by one of a trio
of alleged moonshiners, had become fairly cold, Sheriff Bob
Duncan with a detail of deputies raided a farm one mile
south of Maxwell at 11 o'clock last night and laid waste a
small still together with a quantity of corn liquor and mash.

Three men, Joe Fuller, R. W. Flannigan and James
Oglesby, all farmers, were arrested in connection with the
raid. All were in the county jail this morning.

Officers said the still and the intoxicants were on the
farm of Joe Fuller and that traces at the scene of the raid
led them to believe that operators of the little brewery had
just finished their day's work. The three men protested their
innocence, asserting that they new nothing of the presence of
the outfit. The still, according to Sheriff Duncan, was found
about 150 yards south of the farmhouse.

Near the place where the mash and finished liquor were
found, officers said they noticed at least twelve places where
the still is believed to have been operating previously.

Fuller, it is alleged, when warned in Maxwell recently
that he was in danger of arrest is said to have answered:

"There is nothing to worry about. I'm in with the sheriff.
He won't bother me 'cause we split the profits."

Members of the sheriff's force destroyed part of the
stock found near the still and removed some of the outfit here
to be held as evidence. It was indicated today that charges
of possessing and manufacturing intoxicating liquor would be
filed against the three men in county court.

PACIFIC TREATY
FORECASTS PACT

Pan-Pacific Union Head
Views Arms Agreement
As Promising.

WASHINGTON, Jan. 20.—The
Four-power Pacific treaty was de-
scribed as the probable progenitor of
a Pan-Pacific League of Nations by
Alexander Hume Ford of Honolulu,
director of the newly organized Pan-
Pacific Union, in an address last
night before the National Council
for the Limitations of Armaments.
He quoted Senator Lodge as hav-
ing said that "if there ever is to
be an effective League of Nations,
it will have its beginning in the
Pacific."

"A Pan-Pacific League of Na-
tions," Mr. Ford asserted, "is now
in the course of construction. These
master builders, President Harding,
Secretary Hughes and Senator
Lodge, have driven the first piling
home and the nations of the Pacific
have already begun to gather mater-
ial for the laying of the foundation
and with the help of a hoping
world the structure will grow to
completion."

Old World Loses Power.

"It has been clearly shown in
Washington that the old world pow-
ers look forward to the time when
they will gladly trust the countries
of the Pacific to manage their own
affairs. It has also been clearly
demonstrated in Washington that
the countries of the Pacific are
learning to trust each other and
to deserve to be so trusted. When
the time comes, as it will that the
peoples of the Pacific grow in
education until they themselves un-
derstand and trust each other, then
the countries about the greatest of
oceans will work together for their
joint advancement and there will be
no more spheres of influence nor
need of them. The one fleet then
afloat will give police protection
to the whole world. We have seen
the dawn of this great era here at
the Washington conference and
some of us shall live to see its
midday glory."

The Pan-Pacific Union, Mr. Ford
said, is preparing for the first Pan-
Pacific Commercial conference, to be
held next fall to take up the fol-
lowing questions:

Discuss Shipping.
"Transportation and port facili-
ties with a study of trade routes in
connection with supplies of raw ma-
terial and points of accumulation."

"Food and fuel supplies, includ-
ing a survey of present supplies
location, quantity, control, new
sources of supply, regulation of price
and guarantees of universal avail-
ability to all nations without dis-
crimination."

"Cable and wireless communica-
tion with a survey of present facili-
ties and their control of same and
the establishing of lower special
rates for the press and time sched-
ule reserved for same."

"Banking and exchange with a
discussion as to possibilities of les-
sening present exchange fluctua-
tions."

"Raw materials with a survey of
present conditions as to source and
character of supply and their inter-
change."

"Standardization of weights, mea-
sures, coinage and the protection of
patents and trademarks."

JURY BOX FRAUD
WILL BE PROBED

Garrett Ouster Case Will
Be Delayed by Alleged
Meddling.

OKLAHOMA CITY, Jan. 21.—
An affidavit charging that the
jury box in Carter county had been
tampered with was presented this
morning to Acting Justice John H.
Pitchoff, of the supreme court,
by Assistant Attorney General El-
mer E. Fulton, with the request
that a special judge be appointed
to go to Ardmore early next week
to hear a motion to quash the whole
jury panel and render all names
which were taken from the box
null and void.

A delay of at least ten days in
the trial of Buck Garrett, suspended
sheriff of Carter county, on ouster
action, is expected to result from
the alleged tampering, Fulton said.
The trial has been set for January
30.

Word of the alleged jury box
Thursday when E. C. Lendon, sher-
iff temporarily appointed, for Car-
ter county, informed him over long
distance telephone that when the
jury box was opened to draw a new
jury of the 100 men from which
the venire to sit in Garrett's trial
was to be selected, only 20 names
were found when more than a
hundred should have been in it.
The assistant state attorney or-
dered the box locked pending an
investigation, but yesterday another
call came from the new sheriff,
stating that the missing number of
names had been replaced during the
night.

The entire list of names is void
because they have been tampered
with, Mr. Fulton declared. He ad-
ded that should Justice Pitchoff
appoint a special judge in accord-
ance with the request, considerable
time will be required to draw a
new jury list.

Ardmore Mystified

(By the Associated Press)
ARDMORE, Jan. 21.—Officers are
today investigating alleged tamper-
ings with the jury box in district
court room here it having been an-
nounced late yesterday that some
of the names were removed from
the box and later a number re-
placed.

The box contained names of pros-
pective jurors who would be sub-
poenaed to serve in the ouster trial
of Sheriff Buck Garrett and were
the 300 selected about two weeks
ago. One hundred names were re-
moved to select a jury for the Janu-
ary term of district court. When
Sheriff Lendon assumed office, a
second hundred names were ordered
to be drawn for a jury in the Gar-
rett case.

When the required number were
removed, there was not a full venire
in the box, Jess Lasey, court clerk
said. Later when the box was open-
ed for a second time, a full quota
was found, according to Lasey.
Just how it happened court offi-
cials are unable to determine.

The course of procedure was
halted until Assistant Attorney
General Elmer E. Fulton was con-
ferred with, it was said.

CHURCH HEAD IS
DELIRIOUS WHEN
SINKING COMES

Physicians Abandon All
Hope at Noon Hour As
End Is Apparent

LAST PRAYER IS SAID

Unconscious Man Delivers
Address to Imaginary
Audience

(By the Associated Press)
ROME, Jan. 21.—FLASH—Pope
Benedict died today.

LONDON, Jan. 21.—(6:53 p. m.)
—Cardinal Bourne, Archbishop of
Westminster stated this evening he
had been officially notified by tele-
graph from Rome that Pope Bene-
dict was dead.

Cardinal Bourne's announcement
of the death of the Pope is appar-
ently in conformity with the custom
by which the cardinals composing
the sacred college are first informed
of the death of a pope, before the
information of the death is given
out to the general public.

ROME, Jan. 21.—(3:55 p. m.)—
Pope Benedict has relapsed into a
state of coma, says the Epoca in
an edition just issued.
Sinking at 2:30.

The condition of Pope Benedict is
growing worse, and he seems to be
slowly expiring, attending physicians
announced at 2:30 this afternoon.
They do not expect him to live until
midnight.

Prince Chigi Albani entered the
Pope's apartments at 12:30 today.
It is his duty to take possession
of the apartment in case of the
death of the Pope, taking control
of the conclave.

Condition is Grave.
Professor Battisti examined the
Pope again at 1:20 p. m. and on
leaving the room, declared that the
Pope's condition was grave, the pre-
sent condition being hopeless.

The only hope remaining said
Monsignor Pazzardo, under secretary
of state, in the presence of com-
missioners of prelates and diplomats
lay in the prayers that "we and all
the faithful in the world offer for
the recovery of the Holy Father."

"As to human science," he added,
"it has exhausted its resources."

About 11 o'clock Pope Benedict,
seeing Monsignor Nasalli, and Rocca,
the new archbishop of Bolonia, where
the Pope was formerly archbishop,
entered into conversation with them
and also with Bishop Mezzano, the
bishop of Piacenza, speaking just
as if he were addressing an audi-
ence.

Hope Gone at Noon.
Rome, Jan. 21.—(12:45)—All
hope for Pope Benedict had been
abandoned Cardinal Gasparri, the
secretary of state, declared at noon
today.

Pope Benedict at 12:40 was delir-
ious and unconscious.

In his slight delirium during the
noon hour, the pope resisted efforts
of physicians to listen to his heart
beats and expressed a desire to
rise and perform his regular duties.
Belief that the Pope's life might
be prolonged until the late after-
noon was expressed by attending
doctors.

Early Report Denied.

LONDON, Jan. 21.—(1:55)—An
exchange telegraph dispatch from
Rome said that the consultation held
by the physicians this forenoon,
owing to the fact that the Pope
appeared to be sleeping, caused a
report to be circulated momentarily
that the Pope was dead, but this
was officially denied.

Sleeps This Morning.

ROME, Jan. 21.—Pope Benedict,
to the gratification of his physicians
passed into a sleeping condition dur-
ing the forenoon today and the
doctors indicated they would not
abandon hope if the sleep continued
for three or four hours.

Began Service in 1914.

Pope Benedict XV, the 259th suc-
cessor of St. Peter as supreme head
of the Roman Catholic church, be-
gan his pontificate on September 6,
1914, soon after Europe entered
upon its four years of war. Upon
many occasions during the war he
endeavored to bring the belligerent
nations to a peace agreement and
thus to maintain the title which had
been affectionately bestowed upon
him by a high dignity of his
communion as "a messenger God
sent to bring peace."

The war between Italy and Aus-
tria, in both of which peoples
the Catholic religion predominates,
was particularly a great sorrow to
the Pope. Those near to him said
he deprecated the German viola-

BIBLE THOUGHT FOR TODAY
PRAISE THE GOOD GOD:—Make a joyful noise unto the Lord. Enter into his gates with thanksgiving. For the Lord is good.—Psa. 100:1, 4, 5.

THE CHAMBER OF COMMERCE.

We have every reason to feel pleased with the new start being made by the Chamber of Commerce. For several years past the organization has been one of the most effective in Oklahoma, but has never had the membership that it merited. With increased membership and every one fully impressed with the vital idea that the town must keep hustling and ready to do his part in putting across any program of betterment, we may expect to see still more accomplished in the future. Ada owes her very existence to the fact that her citizens have always been willing to work together for the betterment of the place and there has never been a time when this spirit is more widespread than at this time. Of course there are a few who are well able to take a hand who have always ridden the others, doing nothing themselves but profiting as much by the results obtained by the workers as the hustlers themselves, but no town ever amounted to anything if it waited until this element got ready to do something. Fortunately the number here is very small and the great majority are town builders.

The meeting of Friday evening was full of interest. No one ever knows when a good idea may bob up or who may originate it. This meeting gave everybody a chance to express his views on the program to be mapped out for the coming year and from these ideas the management of the organization can form an idea of what the members are thinking about. When the plans are outlined the entire membership can be relied upon to get in behind them and help put them across. It is not necessary to take up the slogan, "Let's Go," for we are going already.

THE COTTON SITUATION.

The consumption of cotton at home and the foreign exports continue to help up well, although the exports for December show a slight decrease over December, 1920. At this time last year home consumption and the number of spindles in operation were falling off, but now the number of spindles show a small increase over November, 1921, and the cotton consumed nearly the same. For the five months of the fiscal year the factories of this country consumed a little better than half a million bales above the same period of 1920, and exports more than 700,000 above the 1920 figures. The number of bales on hand in factories and in public storage is practically the same as for this date in 1920, or around 7,000,000. If the present rate of home consumption and exports is kept up for the remaining seven months of the fiscal year, the stock now on hand in factories and in public storage will be just about cleaned up.

Japan is becoming one of our best customers for cotton. Her imports of American cotton for the five months total 521,848 bales as against 61,840 for the same period of 1920. England is the only country of importance that has fallen below the 1920 record of imports, although during December all except Japan fell slightly below the November record.

One of the things we hope the Chamber of Commerce, as soon as the reorganization plans are complete, will take as its first definite work is to get a high water bridge across the Canadian river at Byng. There is a vast territory in the bend of the river which ought to trade in Ada. If a bridge were constructed and the roads kept in good repair, we believe almost a half million dollars in trade would come to this town, while at present it is going in other directions. In addition there is a vast amount of tourist travel which would like to use this crossing in preference to the Asher or the Calvin crossings. Many other things are to be done by the Chamber, such as the location of factories, boosting for a library, a convention hall, better streets, better co-operation with the farmers and taking care of the employment situation. These things are always looked after by a live Chamber of Commerce, but it seems to us that if the building of the bridge is taken as a definite thing to do, it would be wise. Some one has suggested that we get one of the railroads to swing a bridge across and let the wagon bridge be connected with it. We are not offering or suggesting ways for building the bridge, for this is what we believe the Chamber of Commerce ought to and will do.

The smallpox situation at Shawnee is reported to be serious, with several deaths already reported. It is to be hoped we can avoid the malady. We suggest that houses be kept well ventilated, as sunshine and fresh air are generally considered a protection against most forms of disease. We also suggest that one be careful if he becomes sick and not associate too closely with others. We believe there is no cause for alarm, and certainly we ought not to get nervous.

Why not let William Randolph Hearst build all the battleships he wants? And pay for them himself?

THE REAL ENTENTE CORDIALE LAST BUT NOT LEAST—HELP FOR THE FARMER

The Forum of the Press

No Peace Dollar.
(Muskogee Democrat)
President Harding has flunked again.

He is the sponsor of the new "Peace Dollar." It now develops that it is not a "Peace Dollar" at all, but is causing anything but peace. In the first place the sculptor who designed the new coin put a dimple in the chin of the figure of Liberty, and the president looked it over and decided that a feminine dimple is not conducive of peace at any time or place, so the dollar had to be scrapped and made over. The next one came out with the initials of the designer engraved under the face of Liberty, and this too against the regulations so that must be done over.

Now that a few of the new dollars are in circulation complaints are being made that the coins are too thin. Bankers are complaining that they will not stack. This may cause the issue withdrawn and if it is the few in circulation will become valuable and the collectors will fight over them.

So it looks like the "Peace Dollar" is doomed to about the same end as the peace treaty, the disarmament conference or the League of Nations, all ending in a scrap.

There can be no such thing as a "Peace Dollar" anyway. Personally speaking we have always found there was no peace in fighting to get a dollar and if by chance one succeeds in gathering in a few the fight starts all over again to try to retain any of them.

Where did Warren G. H. ever get the idea of associating a dollar with peace, anyway?

Down to Zero.

(Holdenville Democrat)
The historic dignity of the White House never sank any lower than it did when W. G. Gannett Harding cracked the White House whip above his lackeys and forced the seating of \$200,000 Newberry. Convicted in a Republican court in a Republican state by a Republican jury before a Republican judge on a specific charge of buying an election and debauching a state, Newberry was still a convict when the fight against admitting him to a seat in the senate began. That conviction has never been reversed, the supreme court dismissed the case on technical grounds alone, deciding that congress has no power to limit the expenditure of money in the primary election. No court in Christendom has ever ruled that Newberry was innocent of the crime alleged. So rank was his offense that his own partisans deserted him, whereupon the president of all the people, sworn to uphold and enforce the laws of his country, stooped to the methods of a third ward election fixer, and employed all the power of his office to seat a convicted boudier in the American house of lords. Woodrow Wilson has been charged with permitting the defeat of an unfit Democrat from Illinois. Compare his offense with that of the Marionette who has just forced the seating of a Michigan convict. Unclean, unclean!

(New York Telegraph)
The greatest tragedy of post-war readjustment is being enacted in the East. Cardinal Mercier, primate of Belgium, and the best loved Roman Catholic ecclesiastic in the world, has intervened in favor of the Protestant community and he has let it be known that the entire Armen-

ian population wish evacuate the country which they and their ancestors have called home from the earliest dawn of Christianity. Those of us who in our youth read "Evangeline" and wept over the deportation of a small colony of pioneers will be apt to compare the present plight of these Christians with that of the handful of whom Longfellow sang in his poem. History does not excuse the oppressor of the Arcadians and the contemporaries should neither excuse nor tolerate the unspeakable Turk, who is responsible for the unhappy status of the Armenians. America is very properly going to the relief of the Armenians, who are in worse case than any other people on earth today, and who are entitled to the bounty and sympathy of all civilized peoples; but American should also use whatever influence she has to make another such tragedy impossible. It is not sufficient to insist that the Turk be driven from Europe; the Turkish concept of religion and government should be eliminated altogether. This can be done by economic pressure; and it should be done.

SHANTUNG ISSUE TO BE SETTLED BY ORIENTALS

(By the Associated Press)
WASHINGTON, Jan. 20.—The Shantung question must and probably will be settled between China and Japan and cannot be taken up by the arms conference, Center Underwood of Alabama, one of the arms delegates, declared in the senate today, during a discussion of the controversy.

TULSA JANITOR DIES FROM AUTO INJURIES

TULSA, Jan. 20.—H. L. Smith, janitor, 55 years old, died early this morning of injuries received when he was run down by an automobile driven by MM. E. Breneman. Smith started across the street in the cold with his head down, according to Breneman's statement, and failed to heed a warning.

NEGRO SLAYER IS CAUGHT BY CITY'S NEGRO MAGISTRATE

Luther Boddy.

Luther Boddy, negro who murdered two New York detectives, is awaiting his fate at the hands of the law because of the pluckiness of one of his own race. Amos M. Scott of Philadelphia, the first negro ever elected a city magistrate in that municipality, is the man who captured Boddy. A Philadelphia minister "tipped off" Scott that a man answering Boddy's description was in a certain lodging house. Scott, with a young officer, went to the house and facing the gun that killed the two officers, overpowered Boddy.

PICKLE FACTORY MAN COMING TO ADA SHORTLY

O. N. Walker, manager of the Chamber of Commerce, is in receipt of a letter from J. H. Atkinson of Brighton, Iowa, the man who is considering establishing a pickle

factory at Ada, saying that he will be here in a few days and go farther into the details of the proposition. Just now he is in Missouri to see about buying some tanks to be used in the factory.

Golf balls lost during one month at a well-known club are estimated at 1,000. Dogs are being trained to search for them.

OKLAHOMA AID ASSOCIATION. PONTOTOC CIRCLE Ada, Oklahoma.

The following plan is used, and has been used for more than 30 years, in supplying life insurance protection for the masses of the people at an average cost per member of \$10.00 a year.

The members are divided into circles. One thousand persons constitute a circle, each circle being represented and numbered and represents a distinct body within itself.

When a death occurs in a circle, a new member is placed in the circle to take the place of the vacancy, therefore, all circles are kept full and complete. No person is allowed more than one membership certificate in any one circle.

VALUE OF EACH POLICY. Upon receipt, the value of the certificate to each member is \$1.00 for each member in the circle; that is your policy is always good for as many dollars as there are members in the circle not to exceed \$1,000.00.

THE COST. A membership fee of \$4.00 is collected at the time of giving application for membership. \$3.00 is used for expenses incident to taking application, issuing policy, etc., \$1.00 is placed in the beneficiary fund to pay death losses.

PLAN OF ASSESSMENTS. Each member will be due an assessment of \$1.10 each upon due proof of death of a member in the circle. Ten cents is used as expense incident to levying the assessment. \$1.00 is placed in the mortuary fund to be ready to pay the next death claim. The other expenses for management of the Association are paid by charging each member \$1.00 a year annual dues. These dues are payable during the month of March each year. When a member is due an assessment, a notice will be mailed from the home office showing the amount due. Remittance must be mailed to the home office within 30 days from date of assessment. Any member failing to pay assessment within 30 days, policy shall lapse, said certificate shall be void and the association released from all liability thereunder until proper reinstatement is made.

WHO ARE ELIGIBLE FOR MEMBERSHIP. All healthy persons of good moral character, male and female, (except negroes) between the ages of 15 and 55 years of age are eligible for membership.

If YOU are interested in yourself;
If YOU are interested in your family;
If YOU are interested in your neighbor;
If YOU are interested in this Association.
YOU are interested in this Association.

CHURCH HEAD IS DELIRIOUS AT END

(Continued from Page One)
tion of Belgium. When the Lusitania was sunk he telegraphed to the then Emperor William his abhorrence of a deed which had shocked the world.

The successor of Pius X was said to have combined the statesmanship of Pope Leo XIII with the grace of his immediate predecessor. He endeavored, it is said, to carry out the ideals and policies of those two great churchmen. But the world war, which broke the heart of Pius X, saddened the first four years of his pontificate and prevented the fulfillment of some of his aspirations.

Wilson Visited Him.
One of the incidents of his pontifical career was the visit which President Wilson paid to him on January 4, 1919, when the president went to Rome prior to the opening of the Peace Conference at Paris. Social and treaty questions were discussed, it is said, during the private audience at the conclusion of which Pope Benedict presented to his guest a handsome mosaic reproducing Guido Reni famous picture of Saint Peter, valued at \$40,000.

One of the smallest men physically ever elected to the chair of St. Peter, the former Cardinal della Chiesa never expected to be thus said to have wept when apprised of his election. He would have preferred, he said, to remain a simple priest or, at most, Cardinal and Archbishop of Bologna.

Horried at War.
On the day of his election he spoke of the burden of responsibility thrust upon "one frail brain"

and expressed his horror of the world conflict then being waged and his hope that it would quickly end. One week after his coronation, when the Fisherman's Ring was placed upon his finger, he issued an Encyclical to the episcopacy of the world in which rulers were exhorted to put aside dissensions and to "enter into a council of peace with all speed." The appeal fell on stony ground, however, and later, on December 12, 1914, the Vatican authorities announced the Pope's plan for a Christmas truce was failing "because of the opposition of a certain power." Reports were that Russia and Turkey had refused to acquiesce. Along a thousand miles of battlefield, the following Christmas Day, thousands of cannon thundered an answer to Benedict's appeal to "lay down your arms."

Again on January 18, 1915, Pope Benedict took up the task of bringing peace to a war-torn world, decreeing that on February 7, priests and laity of the Catholic church throughout the world should unite in services and prayers for the restoration of universal amity and good will. The next occasion Benedict exercised his humane prerogative was on July 28, 1915, the first anniversary of the war, when he issued an appeal to all rulers, declaring that "blessed be he who first extends the olive branch and tenders his hand to the enemy in offering his reasonable conditions of peace."

COMMERCIAL CLUB HISTORY OF ADA

By Byron Norrell

Ada owes her existence as the first town in this part of the state, and the fourteenth in Oklahoma in point of population, largely to the spirit of the pioneers who determined to build a town here in spite of all obstacles, and who succeeded in laying a solid foundation which has served its purpose well. They organized a commercial club and through it did some effective work. However, when I arrived here in 1906 it had about ceased to function. The next move was the organization of the 25,000 club, which combined the idea of a commercial and social club. The second floor of the building now occupied by Evans & Woodward was rented, some good furniture, a piano, pool and billiard tables, dominoes, checkers and other amusements provided for the recreation of the members and entertainment of visitors. After a few years it gradually died out. However, it was during the life of this club that the normal was secured. The people rallied as one man and put it across.

The next attempt to organize a commercial club was a failure. Two or three preliminary meetings were held, a constitution and by-laws adopted and a night set for another meeting. Just before the hour of the meeting fire broke out at the commodore and the town turned out to that. There were no more meetings of the club.

The next attempt was more successful. W. S. Morrison of the cement company was elected president and with a good board of directors behind him he gave the club a good start, but resigned in a few months. However, the club had taken a good hold and has been steadily on the job ever since. O. N. Walker was the first secretary employed for his full time. Among the achievements of the present Chamber of Commerce may be mentioned the employment of county demonstration agents, half the salaries of whom were paid by the club for the first year or two, the purchase of the industrial site north of town and the installation of a railroad track to be used by all three roads, launching of the county fair, location of the glass factory, iron foundry, feed mill and other things of importance. Every matter of public attention and the record is one of which we may well be proud.

Now that the club, or rather the Chamber of Commerce, has been largely augmented in membership and with more enthusiasm than ever in the ranks, I fully expect to see it increase the scope of its activities and become a more potent

NO REWARD FOR LOYALTY

What can a man hope for who enters the government service as a career? Let us look at some actual cases. Here is the story of one as told by E. J. Ayers, chief clerk, Department of the Interior. He cites it as a case similar to that of many others in his department, and says there are many others who are in worse circumstances:

"The records of our department show that he entered the service as a laborer at \$860 a year, after a service of three and a half years in the United States navy as a first-class fireman, with an honorable discharge. He has been with us for more than thirty-three years, and is sixty-six years old, and has given more than half his life to the service of the government."

"He owns a little property three miles beyond the Chesapeake Junction, and he gets up early in the morning, before daylight, and comes in to work and goes out after dark at night. Today he is getting \$840 a year. He has raised a family of nine children—three of whom are now dead—eight boys and one daughter. His elder sons are married and have established homes of their own. Two of his sons were in the military service in France, and his daughter, twelve years old, lives with her grandmother, where he is supporting, educating and clothing her."

"He is a white man, a very intelligent man, eminently qualified for this particular line of work. His wife is dead. He is his own housekeeper and he does the cooking and the washing and the ironing."

"His home was established in its present location because it was not thought practicable to raise a family in the district, and he bought a piece of property in Prince George's county three miles beyond the railroad terminal, which distance, as I said, he walks twice a day, leaving in the morning most of the year before daylight, and returning home by dark. This small place consists of a shack and a few acres of land on which he has a mortgage of \$1,000, and you can judge that he enjoys no conveniences other than the small house, which protects him from the elements."

"The house is divided into four rooms, the partitions being of paper tacked to the framework, there being no laths or plaster."

"The small stove standing in the center of the room he has used for more than twenty years, and the pot on the stove contains his Sunday dinner, which he has prepared for himself, consisting of white navy beans and fatback. These beans are now costing him twenty-five to thirty cents a quart, and the fatback costs him forty cents a pound. It could have been purchased a few years ago for seventeen cents a pound, and the beans for ten cents. He does not get any fresh meat because he cannot afford to buy it."

"To my mind it seems a pity that the United States government should employ men of that type, or any other type for that matter, and not give them enough to live on decently. It is particularly a pity in this case because he is somewhat superior to many of the employees. He has stayed with us as a matter of faithfulness to the government, and has stayed with us when he could make more in one week outside of the government than we pay him for one month."

"Others have left us, but instances of that kind have been very few. At one time I had in our auditorium our employees and I made an appeal to them to stand by us during the war period, and there were more than 300 of them present, and they all of one accord assured us that they would stand by us and would give us the benefit of their labor in our department during the war period, notwithstanding the fact that the price for labor outside was a great deal more."

This curious pride in their work and loyalty to the government and the government service was a thing that cropped up in the most unexpected places. As one employee put it: "I think you will find that every service seems to be quite proud of its work. I know you will find it in our service as far as compensation and such as that are concerned. The pay in this office is small, but that element, that feeling in a man's mind that he is really helping to accomplish good work and helping this government to function well, is really part of it. I find in all my talks with employees that they really feel proud of their work, and that pride is really what gets things done. I think that is true everywhere in the whole service, and particularly throughout the executive departments."

That is curiously true, and it is one of the reasons, possibly the chief reason, why men stay on in the departments year after year at a low rate of pay and not much possibility of promotion.

Some species of shrimps are said to lodge particles of sand in their antennae to enable them to hear. Let a News Want Ad get it.

factor than ever in the up building of the city and county. There is much yet to be done, for none of us want to see Ada rest content with the past victories and remain on her present level. We can't afford to go backwards after making the start we have. There is much public work of all kinds to be looked after and without a strong organization to keep the advantages of a city before the public and no city can amount to much. Cities no longer just grow. They are built on boosters and competition is very keen.

RICKARD IS ARRESTED ON CHARGE OF ASSAULT
NEW YORK, Jan. 21.—Tex Rickard, boxing promoter, today was arrested on a charge of criminal assault made by the Children's Society on the complaint of a 15 year old girl. Two other girls were held as witnesses.
It was learned that a bench warrant had been filed yesterday afternoon. Hearing of it this morning, Rickard promptly surrendered himself with counsel. He was held on \$1,000 bail for examination January 25.

High School Sprints To Victory; News Wins Easy Game

4 TRACK SQUADS WILL MEET HERE

Quadrangular Contest To Be Held April 28 on Local Cinder Path.

Steps are being taken to complete plans for the first quadrangle track and field meet ever held here under auspices of the East Central State Teachers College, it was announced today at the office of M. Z. Thompson, head of physical training and athletics at the college here. The meet will be held between Shawnee Baptist University, Oklahoma City College, Durant Teachers College and Ada Teachers College on Friday, April 28.

The meet will be governed by rules of the Oklahoma Intercollegiate Athletic Conference, of which each college is a member. The first thought of such a meet was expressed at a meeting of the Oklahoma conference at Oklahoma City last December, at which time it was decided to hold it at Ada. This was arranged because athletes from these institutions are not strong enough to compete with those of A. & M. College and Oklahoma University which will be held this year.

The statement given out by coach Thompson regarding the meet follows:

"We do hereby agree to hold a track meet at Ada, Oklahoma, on Friday, April 28, 1922. The same will be governed by the conference rules and all events will be included excepting the javelin throw.

Expenses of the meet are to be divided equally between competing teams.

Winners Get Ribbons

"Winners in the events will be awarded ribbons instead of medals, the same to be ordered by the athletic director of Oklahoma Baptist University.

"Any and all gate receipts will be used to help bear expenses of the meet."

Coach Thompson explained that "the reason for the meet is the fact that the schools named do not feel that their men have a chance to compete with the track teams of the conference meet to be held at a later date, and in order that they may have a chance for keener competition, thereby obtaining a greater object of outdoor sports. We therefore have arranged this meet and solicit your earnest endeavor to help make this a success and to show the visitors to Ada, the Double A town, spirit of real sportsmanship.

Winners of the events who hold state titles are as follows:

- 100-yard dash, Noble of O. U. '08, Gallagher of A. & M. '08. Time 9 4-5 seconds.
- 220-yard dash, Gallagher of A. & M. '08, time 21 3-5 seconds.
- 440-yard dash, Noble of Central Normal '08, time 50 4-5 seconds.
- 880-yard run, Johnson of A. & M. '21, 2 minutes.
- 1-mile run, Griffith of O. U. '13, 4 minutes, 26 1-2 seconds.
- 2-mile run, McClean of Central Normal, '21 in 9 minutes, 47 1-2 seconds.
- High hurdles, Jacobs of O. U. '14 time 15 2-5 seconds.
- Low hurdles, Gallagher of A. & M. '08 24 3-5 seconds.
- Broad jump, Anderson of Southwestern, '18, 22 feet, 3 1-2 inches.
- High jump, Jacobs of O. U. '14, 5 feet 10 3-4 inches.
- Pole Vault, Hueston of A. & M. '14, 11 feet, 6 1-2 inches.
- Shot put, Sandefur of Northwestern Normal, '14, 41 feet, 10 inches.
- Discus throw, Graham of A. & M. '21, 133.65 feet.
- Relay, Oklahoma University, '13, 3 minutes, 27 seconds.

SKIATOOK—Fifty-eight former service men of this locality have joined the American Legion post since the first of the month. The membership drive proper has not begun, and the officials expect an increase to more than a hundred within the next two weeks.

MOTHER GAVE IT

Virginia Lady Suffered With Aches and Pains Until Mother Began Giving Her Cardui.

Dublin, Va.—Miss Mary Alice Huggitt residing on Route 2, near here, recently told a visitor of her interesting experience with Cardui. Miss Huggitt said: "I had been suffering for some time with painful aches and pains, didn't feel like going. Would just drag around, and couldn't rest to do any good. I would suffer once a month with my back, sides and head. My limbs would ache and I didn't know what to do, but I knew I must do something, for I didn't get well by letting it run on.

"My mother is a believer in Cardui, for she saw what it did for others as well as herself, so she began giving it to me.

"It wasn't long before I saw a change. It was just what I needed. It regulated me. I began to eat and sleep, and the pain stopped.

"Cardui is without doubt the best female tonic made, and I am glad I can recommend it to others."

If suffering with symptoms such as Miss Huggitt mentions, or other ailments peculiar to women, why not begin Cardui at once? Its merit is well established by successful use for more than 40 years.

Try Cardui! Your druggist sells it. NO-185

27 SOONERS OPEN TRAINING SEASON FOR TRACK WORK

NORMAN, Okla., Jan. 28.—(Special.)—Twenty-seven veterans are training indoors for the University of Oklahoma's 1922 track and field team. Captain Bryan Griffin, '22, Snyder, relay team and dash man, Grover C. Jacobsen, Iowa, '16, and J. D. McClure, Oklahoma, '21, have charge of practice.

Three of the 1921 relay teams are working this season. They are Captain Griffin, K. H. Hoxan, '23, Pryor, and J. T. Mangum, '22, Marlow. The fourth member will be either Linley J. Denny, '24, Elmore, Carle F. Sharp, '23, Oklahoma City, Wayne Barbours, '23, Norman, or Belsur Bristow, '23, Anadarko.

The return of Harold James, '21, Ardmore, 210-pound football, basketball and track athlete, will strengthen the squad. He holds the Oklahoma intercollegiate pole vault record which was set in 1915. James represented the United States army in the military Olympic games at Paris in 1919 and won honors in the shot put and high jump.

MICHIGAN TO ASK COLLEGIATE MEET

Coach Yost Declares That Is Logical Place To Stage Events.

(By the Associated Press) ANN ARBOR, Mich., Jan. 21.—Acceptance of an invitation from the University of Michigan by the Intercollegiate Association of Amateur Athletics of American to hold its annual track and field meet at Ann Arbor in 1923 would mean that the affair would be staged in the West for the first time. That the issuance of such an invitation is under advisement by the Michigan Athletic Association has been admitted by Coach Fielding H. Yost, athletic director, but he declared no action had yet been taken on the matter.

Michigan is declared by Coach Yost to be the logical place for holding the meet in the West. Until California won the intercollegiate last spring, Michigan led all Western institutions in records at the big meet. Eleven times the Wolverines have sent teams east, and although never finishing first, they were usually well up in the standing.

Ralph Craig of Michigan is a point holder of the 220-yard dash record of 21 1-5 seconds, which until recently was the world's record. Carl Johnson, the track wonder of a few years ago, is the second individual high scorer in any Eastern intercollegiate meet. In 1919 at Boston, he won first in the broad jump, took second in the 100-yard dash, and tied for second in the high jump for a total of 12 1-2 points, almost half his team's total that year.

Michigan's Record: Michigan's record at the Eastern Intercollegiate since 1907 is: 1907—Michigan, second, 29 points. 1908—Michigan, tie for sixth, 6 points. 1909—Michigan, fifth, 14 points. 1910—Michigan, third, 20 points. 1911—Michigan, third, 24 points. 1912—Michigan, third, 15 points. 1913—Michigan, third, 19 points. 1914—Michigan, third, 29 1-2 points. 1915—Michigan, sixth, 14 points. 1916—Michigan, sixth, 13 points. 1917—No entry on account of the war. 1918—No entry. 1919—Michigan, third, 25 1-2 points. 1920—No entry. 1921—No entry.

Whether Michigan will participate this year if the meet is held in the east is undecided.

Ferry Field, where the University of Michigan's athletic plant is situated, is adequate for the staging of a large track and field meet such as the Intercollegiate. In 1920 the Western Conference track and field meet was held on Ferry Field and Big Ten teams found every facility for the proper conduct of the meet. The Michigan cinder track, which is one of the best and fastest in the country, has a 220-yard straightaway for the dashes and hurdles, a quarter mile track with only one turn, and six lanes can be made in the track.

The javelin throw, pole vault, high jump, and broad jump are run off in the area inside the track. Close, unobstructed views of all events are afforded from the stands, which will seat approximately 40,000.

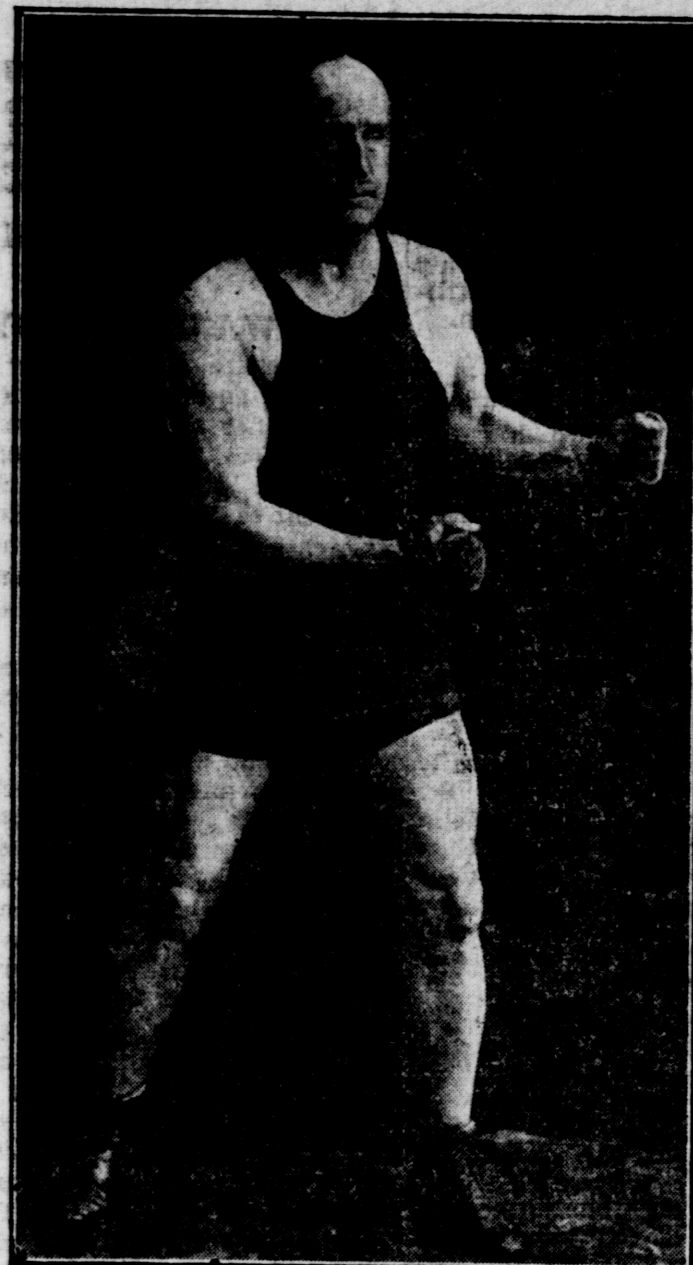

COUNCIL OF STRATEGY WILL GUIDE NATIONALS

CINCINNATI, O., Jan. 21.—A "Council of strategy" will direct the destiny of the Reds this season. The council will be made up of Pat Moran, Jake Daubert, veteran firebase man, with George Burns as the chief field assistant. Daubert will start a drive to make every player run out base hits.

"There will be no loafing this season," Moran said today. "Every man will tear into first base at top speed. There will be no stops to find out where the ball has gone."

Deaf people are to have special churches in Germany, with telephones between the pulpit and the pews.

TOMMY RYAN, GIANT IN STRENGTH AT 72 YEARS, WILL SPEAK HERE MONDAY ON CLEAN SPORTSMEN

Tommy Ryan

Tommy Ryan, who at the age of 72 is stronger than most people here Monday night at the College auditorium. Mr. Ryan will also lecture to school children Monday.

Wilson Campaign to Be Continued Into Next Week, Report

The campaign for funds for the Woodrow Wilson Foundation will continue over into next week, according to an announcement this morning by Leonard Braly, chairman for this county. About half of the funds have been raised, and Mr. Braly expects that Monday evening will see the entire \$750 for this county paid in.

A committee consisting of W. J. Coffman, F. L. Finley and Paul Alderson worked a short time Friday, soliciting funds, and met with the most cordial reception, Mr. Braly reports. The committee was to do some more work today and a committee will work Monday.

The campaign in several counties will extend into next week, according to information from headquarters at Oklahoma City.

SUNSHINE

Hubert Priest of the Normal came out Saturday to visit with his father a few weeks.

There was a good attendance at Sunday school Sunday and at prayer meeting Sunday night.

Little Oleta Jackson, daughter of Price Jackson, is out of school on account of a sore hand.

Winona Heatherman is out of school on account of sickness.

H. G. Brents and Henry Tinsley have been on the sick list but are now all right.

G. A. Pitts, J. W. Kirkes and daughters, Elvis and Joyce attended the lyceum at Blue Mound Friday night.

Prof. Priest, H. G. Brents, Miles Conner and Dorsey Lee were at Roff Sunday.

Ed Hatcock is on the sick list. Ray Goodwin has moved into this vicinity lately.

Chaldean astrology taught that heavenly bodies influenced disease.

Tulsa to Vote Soon Upon Civil Service For City Employees

(By the Associated Press) TULSA, Jan. 21.—The city commissioners late yesterday afternoon passed a resolution calling a special election for February 21 to submit five proposed charter amendments to the voters.

The call for a non-partisan city election law, a non-partisan city primary law, civil service for the police and fire department, the chief police and fire department, the chief police and fire department to supplant the county excise board in preparing the city budget, and a proposal incorporating territory into the city when entirely surrounded by the city limits. No proposal was submitted for a city manager position, for which there has been some agitation here.

Let a News Want Ad get it.

1,038 TEAMS MAY MEET IN ANNUAL BOWLER'S CLASH

(By the Associated Press) TOLEDO, O., Jan. 21.—Approximately 1,038 teams representing 21 states and Canada will be entered in the annual American Bowling Congress tournament to be held here during the month of March. A. L. Langtry of Milwaukee, secretary of the Congress, announced today.

With the closing entry date but a week away, more than 500 teams have been listed and dates assigned. The final week in past seasons has brought a greater number of entries than during the remainder of the pre-tournament period. The number of teams that have signified their intention of participating leads Secretary Langtry to believe this year will be no exception to the rule and that attendance will set a new record.

Three new states are added this year to the list of A. B. C. entries. They are Alabama, Georgia and California. Two teams will represent Mobile, another two are coming from Atlanta while San Francisco will send one.

The total entries for the various states are placed by Secretary Langtry as follows:

Ohio 400 teams; Illinois 150; Michigan 100; New York 75; Indiana 75; Pennsylvania 60; Wisconsin 60; Missouri 20; Kentucky 15; Canada 15; Minnesota 12; Iowa 10; West Virginia 5; Kansas and Nebraska 5; Colorado 2; Georgia 2; Florida 2; New Jersey 2; Connecticut 1; California 1.

By Norman E. Brown

SAIL HO!

Johnny Kilbane, featherweight "champion" of the world for ten years, is going abroad in a couple of months to exhibit himself before the ring fans of Europe at so much per exhibit. No matter what individual opinions are held there as to Johnny's ability, the factually inclined boys will be glad to get a look at him.

Johnny will go across with the name of being the second man in ring history to hold a championship over such a span of years. John L. Sullivan, one of the great heavyweight quartet of the old days, was the other chap with such a record. Sullivan won his title February 7, 1882, and held it until September 7, 1892.

Killy, as his home town folks call him, won his crown from the crafty Abe Attie, February 22, 1912. His great reception back home in Cleveland on March 17 following, is still talked of.

He has been fighting fifteen years. He was a weakling when Jimmy Dunn, who later piloted him to the title, took him in as handy man around Dunn's training camp.

In the fifteen years since he has fought 137 battles. The majority of these were staged after he became king. Most of his contests as champ, however, have been no decision affairs. His last fight was in defense of his title against Danny Frush, native of England, last September. Kilbane knocked out Frush in the seventh round in a torrid affair.

FINAL RALLY TOO DEEP FOR RIVALS

News Team Continues Its March by Victory Over Cement Cagers.

Standing of Teams			
Team	W	L	Pct.
Teachers	6	1	.858
Bentley F	4	2	.667
Ada News	4	4	.500
Business College	3	4	.429
High School	2	4	.333
Cement Plant	2	6	.250

Although beaten 26 to 17 with only a few minutes to go, the Ada High school basketball team last night demonstrated the spirit which has led it to more than one victory this season by overtaking this big lead and winning over the business college 28 to 26 on the high school court. The boys had less than six minutes to win the game.

At the same time the Ada News team continued a winning streak by walking on the Cement Plant 27 to 11.

The High School-Business college game was not a regularly scheduled league game. Potts and Rayburn put up the fight for scores in their game which made it possible for them to win. Newcomb and Byrd played an excellent game for the college until the last few minutes, when they allowed the younger lads to out play them for the final honors. The game was rough in some instances, and on account of the smallness of the court, was irregular and broken. A greater thrill than the fans have been given in several days was afforded however, as the high school staked their all in the final effort to win. The Business college, weakened by a long and continued fight, battled in vain to stem the rally. The high school gained a lead of one point, only to make it two one a foul goal just before the whistle.

First Half Hot

Most of the scoring for both sides was done in the first half, with Stotts and Bentley trumps for the News. Kerr and Smith were the only men to reach the goal for the Cement plant. The game was put on ice at the outset, when the speed of Bentley made it possible for his team to run up a big advantage. The News guards were at the same time destroying many attempts by the Cement plant to score and even things up.

At the end of the first half, the News men were leading by an advantage of three to one. With the idea that the game was already theirs, they did not go into the second half with much pep. Floyd News guard, however, put up a running fight, even going so far as to make a field goal. Craig, also dashed to the News end of the field and scored one in this half. In all, the playing for the News side was done mostly by guards.

Cement Team Changed

A different line-up was used by the Cement plant but the men fought to the last minute. They experienced some trouble in goal shooting, seldom getting their sights set right. The team has slumped in the past two games but is expected to make a strong comeback for the remainder of season. It has only two more games to play in the league schedule, one with the Teachers and one with the Battery squad. Both these are at present the strongest in the league.

Lineup and summary:

News-Cement Game.
Ada News (27) Cement Plant (11)
Bentley F. Smith
Waner C. Rogers
Stotts C. Kerr
Floyd G. Heard
Craig G. Hensley
Field goals: Bentley 6, Stotts 3.

IMPRESSIONS SCENES ENACTED AT VATICAN

(By the Associated Press)

ROME, Jan. 21.—The scene at the Vatican as moment by moment the sands of the life of Pope Benedict XV were running out, were most impressive.

In the simply furnished room where he lay, growing shorter of breath and quicker of pulse, with apparently nothing to be done except await the end, the attending cardinals in their purple cassocks, and the papal penitents in black, were kneeling in silent prayer.

The only sound heard was the sobs of the Pope's personal attendants, the low chanting of the penitential songs, or an occasion word in delirium from the pontiff as his malady slowly undermined the wonderful store of nervous energy which was still resisting its progress.

FAIRVIEW—Contracts for county road work and dragging for 1922 are being made, according to M. L. Dague, county clerk.

Gas-tar workers are said to benefit from the "tarry" smell in which they work.

THE BAPTIST revival meeting that has been going on will close Wednesday night. The preacher who is conducting the services is the Rev. W. A. Robertson of Shawnee.

County Supt. A. Floyd and Dr. Linscheid, president of the E. C. S. N. of Ada, visited the Vanoss High school Tuesday.

The Vanoss people gave Rev. and Mrs. J. T. Coffey of the Baptist church a pious Tuesday night after church services. Quite a large deposit of "pounds" was left on the dining table.

Dave Walters and family are moving a mile or so east of town Bill, who has just recovered from the typhoid fever, is hardly able to be moved yet, so they will move the first favorable day.

The Ada High school Girls' Glee club were escorted out to visit our school, by the Boy Scouts, Sunday.

They gave a nice entertainment. The boys' glee club also sang. We are hoping they will come again.

Bill Beckham and Austell Farmer of Stratford were at church Sunday night.

Miss Thelma Leat has been ill but has recovered.

There was a nice program given at Chapel Wednesday. The glee club girls rendered several selections.

Mrs. B. W. Gaines of Stratford is visiting her parents, Mr. and Mrs. W. F. Eaves.

The Epworth League met again Sunday night everyone is invited out to the league, every Sunday night.

Rev. J. E. Clarkson of the Methodist church filled his regular appointment Saturday night, Sunday and Sunday night.

Supt. C. W. White is feeling indisposed this week.

The domestic science girls will

serve sandwiches Friday 27th. There will be a milk testing demonstration at the school house, also on that day.

Robert Mullins was awarded the first second class Boy Scout badge Sunday by Scout Master Harry Miller of Ada, Robert is the first Vanoss scout to win this honor.

ADOLPH.—Mr. and Mrs. Ben Boring and daughter and Mrs. Marion Tollison and children were guests at the Roberson home Sunday.

Mr. and Mrs. Bryan Roberson visited with Mrs. Throgmartin Sunday. Mrs. Satterfield and daughter, and Callie Lovelady called at Mrs. Miller's Sunday afternoon.

Ola Mae Tollison spent Sunday with Dorothy Throgmartin.

Ruth Young, Sella Ray, Alpha

Wormington, and Magdalene Reed, all of Ada, visited at Ahlos Sunday. Mae Carmichael passed the night with Bertha Brandon Thursday.

Bertha Williams had as her guests Sunday, Miss Lynette Coffelt and Misses Lavaghn Oliver and Carlea Hitecheek.

Alice Bryant, and Miss Roberson visited Mrs. Beryl Tollison Tuesday.

SULPHUR.—Business men of Sulphur are promoting a potato curing plant as a means of encouraging the farmers of Murray county to raise something besides cotton, according to J. H. Horn, newly appointed farm demonstration agent for the county. Arrangements also are being made with a peanut factory in Ardmore for handling Murray county peanuts, Horn said.

DOINGS OF THE VAN LOONS—There are points about Physical Culture that Father never heard about

By F. LEIPZIGER

Use of Vacuum Cleaners Is Advocated As Means of Fighting Diphtheria

Vacuum Cleaners are the newest recruits in the warfare being waged in Wichita to check the spread of diphtheria, according to reports from the City Health Department.

"Death to Disease Germs," has been the slogan of the civilized world since the discovery of microbes and to achieve this goal all manner of devices have been employed, ranging from sweeping and beating to the use of sunlight and fumigating candles.

The Health Department now advocates a new method, namely, vacuum cleaners, to aid in controlling the disease.

To each of the homes in the city where fumigation has been conducted, the Apex Vacuum Cleaning company, under the direction of Dr. Milton O. Nyberg, head of the health department, has volunteered to send a salesman with a cleaner to clean all the rugs in the house.

According to employees of the vacuum company, disease germs cling to the particles of dirt that float in the air and firmly settle in the rugs rather than clinging to the fabric of rugs. Therefore, they claim that the most efficient way to rid floor covering of microbes is to clean the rug by air motion.

The cleaners used are at the office of the City Health Department and their services are free to all homes in the city which have been quarantined for any contagious disease. In order to insure sanitation each cleaner is thoroughly fumigated on its return from a trip.

Church News

Oak Avenue Baptist.

All services were well attended last Sunday. Interest seems to be growing with each service. Some who have been out of line for service are reconsecrating themselves to the Lord at almost every service. Let us all be at our posts next Sunday. We extend a cordial invitation to everyone to all services at Oak Avenue Baptist church. Strangers are made to feel welcome.

Sunday school at 9:45 a. m. B. Y. P. U. at 6:45 p. m. Preaching at 11:00 a. m. and 7:30 p. m. Morning there: "Christ, the Hope of Glory, Whom We Preach," Col. 1:27-28. Evening theme: "Jesus, the Savior that Saves from Sin." Math. 1:21.—J. H. Page, pastor.

Presbyterian Senior Christian Endeavor.
Topic: Do Christian Principles Apply to Buying and Selling?
Song service.
Scripture: Prov. 20:10-14, Luke 6:38.

Prayer.
Report on study book chapter one. Young America at the cross-roads.—Mozelle Sloan and Wilma Chilcutt.

Song.
How can we apply Christianity to business?—Violet Knight.
What Christian principles need to be applied to business? Why?—George Bowman.

How can we help to apply the Golden Rule in business life? Earl Choate.

Business.
Mizpah.

Christian Church.
9:45 a. m. Bible school.
11:00 Morning Worship.
Sermon: "The Conversion of Cornelius."
3:00 p. m. Junior and Intermediate Christian Endeavor meetings.
6:30 p. m. Senior Endeavor meeting.

This will be a thermometer meeting.
7:30 p. m. Evening service.
Sermon by Tommy Ryan.
We are glad to announce that Tommy Ryan will be with us in the evening. He was prominent in cantonment work during war time, and is a strong advocate of clean living. Therefore, he is not only spiritually strong but physically strong, even though well along in years. This will be a treat that none can afford to miss.

The Christian Endeavor meeting for Sunday night will be a rouser. A new high water mark will be made. All young people are urged to attend. A good meeting and a good time.

Our church treasurer urges that the collection envelopes for 1922 are at the church and each member should secure his packages. Don't fall behind with your dues.
And last, but by no means least, don't forget the Bible school classes for all, and a fine teacher for every class.—H. M. Woods, pastor.

The Senior Woman's Auxiliary of the Presbyterian church will meet Monday afternoon at 3 o'clock at the home of Mrs. C. O. Barton.

Intermediate Christian Endeavor Prayer.
Song No. 45, "Jesus Lives."
Bible story.—Mildred Scales.
Special music.
Song by Katharine Nesbet, Opal Qualls and Mildred Woodward.
Reading.—Katherine Williams.
Bible drill.
Business.
Benediction.

Intermediate Christian Endeavor Presbyterian Church.
Leader: Opal Sloan.
Topic: Buying and Selling.
Song.
Scripture: Prov. 20:10, 14.
Prayer circle.
Songs.

How can we apply Christianity to business?—Ed Gwin.
How would Christian principles affect our employees?—Bartley Meadows.

What are some ways in which sellers fail to apply rules to strict honesty?—Jack Moore.
What temptations have salesmen to forget Christian principles?—Jack Conn.

How would Golden Rule applied to business change it?—Margaret Chilcutt.
If the application of Christian principles mean a loss to business, should they be applied?—Juanita Ford.

How does a dishonest Christian man damage the cause of Christ? Ethel James Byrd.

What principles make for business success?—Harrie Lee King.
Name several Christian principles?—Willie Lancaster.

What does Roger Babson say about the principles that make success?—Theodore Zorn.
Song.
Business.
Mizpah.

Methodist Church.
Sunday school at 9:45.—Prof. R. S. Newcomb, superintendent.
Preaching at 11 a. m. and 7:30 p. m. by the pastor.
The junior and young peoples missionary societies meet at 2:30 p. m.
Epworth League meets at 6:30 p. m.
Good music at each service. Come out and worship with us.—J. H. Ball, pastor.

First Baptist Church
Sunday school meets at our church at 9:45. Mr. J. A. Riddling is the general superintendent. Mr. W. C. Duncan is the superintendent of the Senior and Adult Department. Mr. W. T. Melton is the superintendent of the Intermediate Department. Mr. J. E. Harris is the superintendent of the Junior Department. Mrs. J. A. Riddling is the superin-

tendent of the Beginners and Primaries Department. We have splendid teachers and classes for all ages. You are welcome.

The pastor will preach a sermon of some phase of evangelism at the morning hour. This will be in order to get us ready for "Win On Week," Feb. 19-26th. All our services from now on until that time will head up into that week when we will have an eight day revival with the pastor doing the preaching.

The Junior B. Y. P. U. will meet at 6:15 with Mr. and Mrs. O. F. Davidson in charge. Young folks from nine to twelve are invited.

The Intermediate B. Y. P. U. will meet at 6:15. Mr. and Mrs. Tom Fullerton will be in charge. Boys and girls from twelve to sixteen are urged to be present.

The Blue and Gold B. Y. P. U. will meet at 6:15. Mr. Paul Rayburn is president. Mr. and Mrs. Charlie Bobbitt will meet with them. They are very anxious for all young men and ladies from sixteen to eighteen to be present.

The Senior B. Y. P. U. No. 1, will meet at 6:15. Mr. Bernard Howard is president. All young people from eighteen up are urged to be present.

The pastor will preach an evangelistic sermon at the evening hour 7:15. We are always happy to see unsaved people present in our services and would do our dead level best to see them brought to Christ. We welcome all.

CLYDE CALHOUN MORRIS,
Pastor.

Senior B. Y. P. U.
Subject:—May I expect God to Take care of me Personally?
Leader—Nora Arney.
Song—"God will take care of you."
Sentence prayers.
Bible quiz.
Introduction—By leader.
Scripture lesson—By leader.
Lesson on Adam.—Bernard Howard.

Other Old Testament examples of God's personal care.—Lula Branscomb.
Some New Testament examples.—Eard Hester.

Scripture Teachings on God's Personal care.—Eunice Earhart.
God's personal care also taught by his relations as a father.—Geneva Braly.

Miss Olive Milliken, of Oklahoma University, Shawnee, will also speak. St. Luke's Episcopal.

9:45 Church school.
11 a. m.—Morning prayer and sermon.
4 p. m.—Confirmation instruction.

7 p. m.—Confirmation class.
7:30—Evening Prayer.
There will be no 7:30 a. m. service tomorrow.

Men's Bible Class.
The Men's Bible Class will meet at the McSwain Theatre Sunday morning at 9:30. Dr. Laird is president of the class and Mr. Ellison is the teacher. It will be the pleasure of the class to have Miss Olive Milliken with them tomorrow, who will also speak to the class for a few minutes. She will be remembered as the young lady whom the class is putting through Oklahoma Baptist University.

She is very anxious to meet every man in the class and we are sure every member of the class is anxious to meet her.

Remember the hour 9:30.
J. T. BRALY,
Secretary.

What They Say

Editor of the Evening News:

In your issue of the 18th inst. in regard to the meeting of Democrats to be held in Ada on Jan. 27, you refer to this meeting as "The annual county convention of the Democratic party." In this you are mistaken. The meeting is a meeting to reorganize the Democratic County Central Committee and is not a convention at all. Only the chairman and vice-chairman elected at the various precinct meetings held throughout the county on Jan. 13 will be entitled to participate in this meeting to be held at Ada on Jan. 27. Authority of this statement is found in Section 2, Article 1 of the constitution, which reads, "The county central committee of each county shall consist of the various precinct chairmen and vice-chairmen of said county, etc."

I am sure that your mistake was made through no intention, but I feel that the public should be advised in order that no misunderstanding may prevail as to who will be entitled to sit in the meeting.

Very truly yours,
ROBT. WIMBISH

REFINERY HEAD BADLY
INJURED ON RAILWAY

(By the Associated Press)

BLACKWELL, Jan. 21.—H. B. Morris, superintendent of the Producers Refinery here, was taken to his home this morning with a cut in the back of his head, fractured ribs and possible internal injuries, as a result of attempting to cross the Santa Fe tracks a half mile south of Blackwell in an automobile, ahead of the incoming west bound passenger. He will recover.

PIPE ON GAS COMPRESS
BREAKS WITH BIG DAMAGE

ARDMORE, Jan. 21.—When a 10-inch pipe on the gas compress at the Lone Star Gas company's pump station, four miles southwest of Loco, Stephens county, burst early Saturday morning, damage to the entire plant was done, estimated at \$7,000.

Farmers' Column

By Byron Norrell

At one section of the meeting of the Chamber of Commerce Friday evening the matter of closer co-operation with the producers of the county was thoroughly discussed and the chances are that something definite will be done about it in the near future. In this connection one member stated that he had been using creamery butter, but that hereafter he would buy his butter from the farmers thus keeping the money at home and helping a local man that much. Of course that is an exceedingly small item, but the example is a good one. In many places the Chamber of Commerce is a county affair, instead of being a town organization, and I hope to see this idea carried out here some day. Of course better marketing conditions, both locally and abroad, must be the first thing undertaken and then other things can be considered.

Poultry is receiving more attention than ever now and I thought poultry raisers might be interested in the following ideas by a man who is making a success of the business.

Walter Burton of Arlington, Texas, superintendent of the poultry department of the Fort Worth Southwest (Exposition) and Fat stock Show, also a licensed judge of all varieties of poultry, has given out the following hints to those who contemplate going into the poultry raising business. Mr. Burton said:

"Starting in the poultry business is where many fail. They don't stop to consider. We know we started once ourselves. If I were to start over I would not make so many mistakes. The first thing I would do would be to decide on what line I was going to try to make money out of. Then I would figure if my choice of breed would answer my purpose. Next I would consider the best location I could find. You know this means a lot. It is not every plot of ground that is suitable for poultry. You need a well drained soil, sandy is better. I like soil that will grow plenty of green stuff, and grow it fast. All over the country you see farmers growing chickens, and most of them are making money out of poultry and furnishing the table with the best food on earth, good fried chicken and fresh eggs.

"But the poultry business should not stop with poultry on the farm. There should be large commercial plants right near Fort Worth. There is no better location on earth. Fort Worth, with her many railroads, packing plant and cold storage is why I say this. If you could not sell in Fort Worth, you could ship. If you did not find a market good enough to sell on ship, you could store your products. learn your choice, so you will not learn you about a commercial plant says White Leghorns. I agree that White Leghorns are good birds for eggs, but I don't like them for eating past a broiler. If you use them at broiler age they are fine. But I am not going to tell you to take any one breed, as I told you in the beginning to get your choice. First learn your choice, so you will not be changing breeds.

"But there are lots of good birds, and any of them are good. I believe in a standard bred bird. They look better. They will lay better, and they will sell better. The standard bred bird today will outlay the scrub; it will pay the farmer more than the scrub. I say do away with the scrub chicken in Texas. We have no room for it. The Texas Farm Bureau federation is planning to work out a market for the poultry producers in Texas. This is a good move, and they will make the poultry business a market in Texas, just like they have cotton. John Orr, president of the Texas Farm Bureau federation is a farmer that made good selling eggs, chickens and milk in Dallas, paid for his farm and is well fixed today. So when he makes his call for poultry products every poultry raiser should join the Texas Farm Bureau federation and pool with them their poultry and eggs, as it will be sure to make them money.

When you get ready to start breeding poultry, start with standard bred stuff and keep the blood lines the best. Get them good enough to show in any poultry show. See that they produce well enough to win in the state egg laying contest. And your start will be a success. When you sell stock and eggs for breeding purposes be sure to make the purchasers start in the poultry business a success.

"Send out stuff that will breed true to form. Try to give a little better quality than you bought when you started. Be sure that your birds are mated to produce standard birds; birds that would not be disqualified under the standard. Be sure that they are good egg producers, and I venture that your poultry business will be the means of helping many get started in the poultry business. Don't over estimate your birds or your poultry business. Rather, estimate it. Make starting in the poultry business easy.

In The Oil Fields

Estimated production of the fields of the Mid-Continent at the close of the past week was as follows: North Louisiana, 38,650 barrels; Arkansas 39,500 barrels; North Tex., 138,000 barrels; Kansas, 85,000 barrels; Oklahoma outside of Cushing, Shromrock, Burbank, Hewitt and Healdton, 211,000 barrels; Cushing and Shromrock, 25,000 barrels; Healdton, 22,000 barrels; Hewitt, 34,250 barrels; Burbank, 35,850 barrels; total, 823,445 barrels, a loss of 5,242 barrels in comparison with the preceding week.

The estimated daily production of heavy-gravity oil in the Gulf Coast field was 105,870 barrels.

Every man possesses something that some other man envies.

IN SOCIETY

Misses Mattie Sue Minnier and Ocie Hawkins, who are teaching at Tupelo, are visiting in Ada this week end.

Miss Ruby Hawkins, who is teaching at Shawnee, is spending the week end here with her mother Mrs. E. L. Hawkins of 514 East Ninth street.

Mr. and Mrs. H. E. Hamilton entertained members of the Washington school Boy Scout troop at their home on High School avenue last night.

Mrs. Galbraith Entertains
Mrs. C. A. Galbraith entertained the Woman's Missionary Society of the Christian church Monday afternoon in her home. The house was gaily attired in oriental decorations throughout. After an interesting study of Japan, members and guests were ushered into the dining room where they were met by Japanese maids, who served them tea and cakes.

Small Japanese dolls and parasols were given as souvenirs. There were 33 present and each member and guest declared she had spent an enjoyable afternoon.

Surveys made in the Panhandle of Texas show that splendid roads may be constructed without artificial topping providing they are regularly dragged after each rain.

'SAVINGS'

Is An Umbrella All You Have Laid By for a Rainy Day?

There are few persons who don't intend sometime to start saving money. But good intentions are worthless so long as they are nothing more than intentions. It's far better actually to save a dollar a week than merely to intend to save ten dollars a week—sometimes.

Let us help you make your start. You'll find it far easier than you ever imagined.

COMMON SENSE IS THE GREAT SIXTH SENSE
KNOWN AS THE SENSE OF SAVING.

If at all times you gratify the five senses of Touch, Taste, Hearing, Seeing and Smelling, you won't be able to develop the sense of saving. Deny yourself of trivial pleasures today, and start a saving account. It will insure your future against worry and want.

Think what it would mean if every individual were compelled to build up a reserve fund to carry them through the rough places of life.

Our shares are sold on easy payments
—let us explain our plan.
